JULY NEWS

WELCOME TO OUR FAMILY

Melisa Adamson with Robin in Stall #72

Pat Rothe Leasing Stanford in Stall #68

Lynsey Whitacre with Larry, in Barn #2 awaiting perm. stall

Keryl Mines leasing Rascal to Nicole Cortes, portables

Summer Camps were great! We had wonderful helpers so thanks to all for helping and giving the kids such great memories of their camp.

The weather this year is so strange. It has been really hard to do anything around the facility. It's either raining or it's too hot. The horses seem to be doing ok. The fans are running from 10:00a.m. til 10:00p.m. everyday and clients are doing a great job hosing off those that need it.

The pastures are currently being cut and will be sprayed with weed killer after all hay has been brought in. The track and the two south pastures needed some additional gate systems added in order to get them cut so they will be cut at a different time due to the gate issues we needed to add.

We are scheduling trainers meetings at the end of every month so we can have better communication with one another, get current date schedules, and results of how everyone is doing at the shows. It would be really nice to list the information in the newsletters every month.

CONTEST (BARN NAMES REVEALED)

There were so many good names to choose from and I thank everyone that participated! The barn names and winners are Barn #3 (Ribbons) Kaylee Shaw, Barn #2 small indoor (Multi-Barn Arena) Paige Lewandowski and the white barn's name is (Winnings) by Delaney Vaccaro. Congratulations to the winners and don't forget to stop in and pick up your \$25.00 gift cards.

DUSTING, DUSTING, AND DUSTING

PLEASE DUST, DUST, DUST YOUR FANS AND STALLS THIS WEEKEND. WE HAVE BROOMS AND DUSTERS LAYING AROUND THE BARN ON EXTENTION POLES. IF YOU CAN'T FIND ONE, PLEASE USE A BROOM TO DUST WITH. It is not our responsibility to clean or dust your stalls so please let me know if you can't find what you need and I will be more than happy to help you.

FAN FEES

Please remember the fan fee charge has been added to your invoices this month.

CONSTRUCTION PROCESS

Barn #3 (N.W.) The construction is running pretty smoothly. Barn #3 (northwest) looks beautiful. We had to replace a lot of framing due to rotten wood, replaced lights, ran additional electrical, installed windows, replaced tool room and tack room lights, moved outside hydrant, and did stall repairs. I know we did more but I just can't think of everything right now. There is still a little trim & electrical work left.
